

Be Internet Sharp: Guessing Game

Sharing *little* bits of info (e.g. posting about your street, or a pic of your child wearing their school jumper) can give away *a lot*. It's important to think before we share!

Cut out the templates below, take 1 each and write down the name of a celebrity, character or family member. Then swap and without looking, stick them on your head. Give each other 3 clues and see how easy it is to guess based on a few facts - like where they live and what they do! (E.g. if it was Legend, you might say... [lives in Mindful Mountain](#), [loves spending time online](#), [name begins with L](#).)

No printer? You and your child can use sticky notes instead. Either way, we'd love to see how you get on. Post your pic on Instagram with the hashtag [#BeInternetLegends](#) - but don't forget to think before you share!
